

Strategy Consulting

Strategy& is a global team of practical strategists within PwC, committed to helping you seize essential advantage by working alongside you to solve your toughest problems, and capture your greatest opportunities.

We support our clients with disrupting and innovating for the future. In doing so, we work with organisations to change their business model and re-envision the engagement with consumers/users.

We work with our clients to change the customer value proposition and improve how the organisation engages with the consumer, thereby increasing value to customer and company.

In order to deliver on digital aspirations and recognising that technology and digital innovations are fundamentally necessitating changes, we support our clients in defining how they operate and designing and executing a path forward.

Our capabilities include:

- Corporate & Business Strategy
- Organisation Strategy
- Operations Strategy
- Customer Strategy
- Finance Strategy
- Technology Strategy

Our global platforms include:

- Capability Driven Strategy
- Fit for Growth
- Digital Services/DeNovo
- Deals
