

Corporate treasury for finance professionals

Full-day workshop

Exploring the world of corporate treasury

Objective

To provide a better understanding of corporate treasury functions to finance professionals working outside treasury or new to the treasury department.

Who should attend?

Finance professionals (Accounting, Reporting), analysts, consultants, auditors, CFOs and Finance heads overseeing treasury

Benefits of attending

Corporate Treasury is increasingly becoming the finance nerve centre of organisations everywhere, and thus important for finance professionals to understand its roles and responsibilities. This course is designed to provide an overview and enable participants who deal with Treasury activities on a daily basis to understand the environment in which Corporate Treasury operates in.

By attending this workshop on treasury fundamentals, participants will be able to recognise Treasury Jargon used in varying Business contexts, understand the link between Treasury, Finance and Business Unit (Commercial); and appreciate the key treasury-related issues arising in corporates.

This workshop is a foundation course for finance professionals that will cover an overall awareness of Treasury functions, activities and issues.

This full day workshop provides insights and practical tools to increase the participant's understanding of Corporate Treasury. Learning is achieved via theory, examples and real-life case studies.

About the workshop leader

Trainer's involvement in the workshop is subject to availability and PwC reserves the right to appoint the most appropriate trainer.

Peter Tan

Director - Accounting Advisory
peter.bt.tan@sg.pwc.com

Prior to joining PwC Singapore, Peter was based in PwC UK with over 9 years experience in providing assurance services and leading the financial audit of a number of FTSE 100 clients including Thomson Reuters, Misys, BG Group, Gazprom, Anglo America, Unilever and Czarnikow. He has extensive knowledge of retail processes such as 'Order to Cash', 'Purchase to Pay', Inventory management and control activities. He has recently worked on a e-commerce project performing Risk assessment and Risk control matrix documentation, challenging the 'as is' processes' and assisted in designing the 'to be' processes and providing gap analysis on control/process deficiencies.
