

Transactional data from **Your Enterprise System** coded according to **Slovak tax and accounting legislation** automatically **uploaded** into the PwC finance software

this is the **Outsourcing model of the Future**

How does it work?

You benefit from the following advantages:

- No double entry of transactions
- We work with your approved data
- Use of automation and analytical tools enables to spot tax risks and opportunities
- Automated reconciliations
- Summary of adjustments
- Full compliance with Slovak tax and accounting law
- Automated reporting to institutions, such as the National Bank of Slovakia, the Statistical Office of the Slovak Republic
- Audit file of tax and accounting treatment of significant transactions
