Our client, the Trinidad and Tobago Trade and Investment Promotion Agency invites applicants for the position of:

Manager- Research , BI & Policy Development

The Trinidad and Tobago Trade and Investment Promotion Agency Limited has been established with the aim of transforming and increasing the competitiveness of the trade and business environment of Trinidad and Tobago. The Agency seeks to strengthen and modernize the country's export and investment promotion institutional arrangements to be more 'high' profile and on par with similar regional and international agencies. The Agency is the country's premier trade and investment promotion agency.

The Agency is seeking to recruit a Manager, Research, BI & Policy Development who will be responsible for driving the research and policy development function of the Agency. The incumbent leads and manages projects across priority policy areas, commissioning research, developing policy positions, and producing reports and consultation responses. The role will also be required to collaborate with Senior Management and other stakeholders.

Qualifications and Experience

- Bachelor's degree in Economics, Statistics, or Public Policy
- 5-6 years experience in the field of research, policy development and data analysis

Key Accountabilities

- Monitors, researches, and analyses public policy positions on trade and investment issues
- Support the Agency's strategy through research and policy development
- Identify, develop manage new research and policy projects with meaningful research and policy implication
- Conduct market and customer research, database analysis, modelling, forecasting, predictive analytics, and trend analysis to identify opportunities that will bring about industry growth.
- Prepare reports and present research findings
- Support human resource management by participating in the performance management and disciplinary processes
