Our client, in the Manufacturing, Oil & Gas industry invites applicants for the position of:

Regional Controller - Caribbean Region

The Regional Controller - Caribbean Region is responsible for the administration of accounting and provision of financial management for the region. Work involves overall responsibility for financial integrity of the ledger, maintaining reserves, and providing financial analysis and advice to support operations management and financial decision making. The role is also supports planning and forecasting, ensures regulatory compliance, and facilitates audits, while adhering to the Client's Code of Business Conduct and Ethical Standards.

Qualifications and Experience:

- Bachelor's degree in a Business Related Major, Preferably Accounting
- A minimum of five (5) years of Accounting experience required
- Professional Chartered Financial Analyst certification (e.g. CPA, ACCA) would be an asset

Key accountabilities:

- Responsibility for accurate revenue recognition and financial reporting in accordance with GAAP and the client's corporate accounting manual.
- Oversees account reconciliations and maintains proper reserves, including allowances for doubtful accounts and inventory obsolescence.
- Collaborates with and advises operations management on financial analysis for informed decision-making.
- Manages the monthly trial balance process and monitors capital expenditures and compliance with corporate spending and capitalization policies
- Conducts regular balance sheet and P&L reviews, providing variance explanations.
- Aids operations and senior management with planning and forecasting, mid-year and annual plans.
- Monitors and oversees compliance of SOX for the ledger; with corporate, local and foreign policies, regulations and legislation, and facilitates internal and external audits.
- Supervises ancillary accounting functions that roll up into the ledger including intercompany accounting, fixed assets, financial analysis, and general accounting.
