

PwC Trinidad & Tobago has launched its 2018/2019 National Salary Survey. Our eagerly anticipated Survey Report provides valuable insights to inform key Human Resource decisions.

55 participants

130 positions

9 industries

“What’s the real value of compensation intelligence for your organisation in a rapidly changing and increasingly competitive labour market?”

PwC National Salary Survey 2018/2019

Compensation in a climate of recovery and growth

Trinidad and Tobago’s labour market is currently experiencing notable disruptions and rapid, pivotal changes. Organisations, now more than ever, need to review, analyse and leverage talent management and compensation insights to position themselves for recovery and growth nationally, regionally and globally.

The survey report presents data on the following aspects of compensation:

Compensation by position title:

- Basic salary ranges
- Cash allowances
- Benefits and perquisites

General compensation practices:

- Annual bonuses
- Vehicle allowance
- Pension plans
- Travel allowances
- Medical insurance

Position levels:

- Executive Management
- Middle Management
- Technical, Supervisory & Clerical

Industries covered:

- Banking & Finance
- Insurance
- Energy, Oil & Gas
- Telecommunications & Technology
- Regulatory & Research
- Manufacturing
- Sales & Trading
- Public/Civil Service
- Non-Governmental Organisations

Participants - \$3,200

Non-participants - \$4,200 (vat excl.)
