## ***Social guarantees for mobilised military personnel***

On 27 of March 2014 the Verkhovna Rada of Ukraine adopted the Law “On amendments to several laws of Ukraine regarding ensuring mobilisation”. Among other things, the Law outlines the social guarantees for individuals who have been called up for military service during mobilisation. In particular, the Law provides for saving their place of employment, their position and their average salary for a period of up to 1 year.

Theoretically, the salary paid to these employees should be compensated from the state budget.

We will monitor this issue and keep you updated on the respective developments, in particular regarding the procedure for the referenced salary payments.
