### ***New list of medical products subject to 7% VAT is introduced***

In an update to Flash report #36, in respect of VAT treatment of medical products, be informed that the Cabinet of Ministers has established a new list of medical products subject to 7% VAT.\*

Compared to the effective list the new list is more exact as it is linked to particular customs codes. However, it does not contain certain types of goods previously subject to VAT exemption/7% VAT, e.g. baby diapers, pacifiers, etc.

The new list is effective from the date of its official publication.

*\* The Resolution of the Cabinet of Ministers of Ukraine No. 410 dated 3 September 2014*
