Message from our Executive Director, Jenn Rivera

Exemplifying PwC's commitment to building trust and supporting our people and communities, the PwC Foundation marked a milestone year in FY25. Below is a snapshot of these efforts and the difference the Foundation made this year.

Impact story: Veterans Commitment

Ten years ago, the PwC Foundation launched its Veterans Commitment to help those who've served prepare for, train, and transition into meaningful civilian careers.

As we pass this milestone, we're proud to celebrate $30 million in investments that have supported more than 350,000+ Veterans nationwide.

Check out our video highlighting this incredible journey and the lives its touched.

FY25 Highlights

- For the fifth consecutive year, the Foundation has been the leading charitable organization supported by PwCers.
- **Fortune** article: *Natural disasters are devastating workers across America—Here's how managers can show up for employees featuring the People Who Care Fund.*
- **Recognized** as the Civilian Guest of Honor at the FourBlock 2025 gala. Check out the video to learn more about the PwC Foundation and FourBlock relationship.
- **Approved $500k of LA wildfire response grants** to International Medical Corps, American Red Cross, Los Angeles Regional Foodbank and World Central Kitchen.

Mission: Unlock potential and accelerate paths to opportunity

Cumulative funding since 2001

$10M People of PwC	**$220M** Education	**$50M** Humanitarian
	$280M Total	

Responsive Giving Funds

People Who Care Fund: This financial emergency hardship fund serves as a vital resource for PwC employees and their families. It provides tax-free financial support to help them navigate unexpected events like natural disasters and urgent medical crises.

The PwC Foundation origin story: This fund was originally established to support the families of those we lost in the tragedy on September 11, 2001. It continues today and embodies our value of care.

Disaster Response: The PwC Foundation responds urgently to natural disasters. We collaborate with local PwC leaders and experienced community-based organizations to support immediate relief efforts for events like wildfires, hurricanes, tornadoes, earthquakes, and severe storms. We also support PwC Office Managing Partners (OMPs) through the OMP Natural Disaster Response Grant program and matching donations of our employees who want to respond through Dollars for Disasters.

Reimagine: Active PwC US partners and principals can nominate nonprofits that support educational access in their communities. Organizations must work towards either equipping students with 21st century skills, college/career pathway development, or driving educational inclusion.

*Data reflects impact achieved in FY25 for grants made in previous years
