

# PwC's OneBank Solution

Commercial & Consumer Banking  
powered by Financial Services Cloud

A certified Salesforce Fullforce Solution, PwC's OneBank Solution helps relationship managers and consumer bankers deeply understand their clients and book of business in a way they could not before. OneBank delivers a true 360 degree view of customer needs and activities with analytics proactive alerts, and customized insight.

## Solution benefits

- Unified “mobile ready” platform improves internal and external experience
- Reduced overhead and approval cycle time
- Configurable compliance management capabilities with real time collaboration between suppliers and procurement teams
- Improved overall engagement and visibility
- Seamless, scalable, and transparent solution
- Improved discount and incentive management
- Increased focus on strategic goals and overall scalability
